Want to know best response?

Just set a SOURCE

When posting or emailing <http://bestbizniz.STIFORPTour.com/?SOURCE=ABC> or the end of your link and you will know where each of your leads is coming from.

/?SOURCE=yoursourcecode

So if you were using an autoresponder called ABC for example and you wanted to set your source code to know which leads came from that autoresponder, you can simply add that to your url.

So your new link would be:

<http://bestbizniz.STIFORPTour.com/?SOURCE=ABC>

Just replace the code "ABC" with whatever you want your source code to be. You can use as many different source codes as you desire, and all of those statistics will be tracked RIGHT HERE!

STIFORP now gives you the opportunity to use your commissions to purchase product/services for yourself or for others in your team.

Simply select how much of your future commissions you would like to allocate toward your credit account and it will automatically be added each Wednesday as commissions are paid.
